

FAC LEADERSHIP DEVELOPMENT TRAINING COURSES

Leadership Development (ALD) and Situational Leadership (ASL) for Airport and Transportation Professionals

Florida
Airports Council

March 11th - 15th, 2019 - Orlando, Florida

**Introducing a new and exciting training opportunity for
FAC members and transportation professionals!**

For the first time, FAC will offer the Airport Leadership Development (101) course in the same week as the Airport Situational Leadership (201) course. The schedule for the delivery will overlap with an opportunity for the graduates of the ALD course to deliver the results of their curriculum to the incoming participants of the ASL (201) class. The overlapping time will include a networking event for the two classes to meet, share ideas and celebrate the graduates of ALD and launch participants into ASL.

Airport Leadership Development Class ALD (101):

Mon., March 11th 8:30 a.m. - 5:00 p.m.	<u>Self Management</u> - Habits, Time and Energy Management, Core Leadership Styles, Followership, Leadership Journey/ Brand; 360 report delivery
Tues., March 12th 8:30 a.m. - 5:00 p.m.	<u>Leadership fundamentals, Leadership engagement</u> - Stage and dysfunctions of a Team, effective feedback, coaching and mentoring
Wed., March 13th 8:30 a.m. - 5:00 p.m.	<u>Leadership application</u> - Performance management, cultivating activity, commitment to action; ALD/ASL joint reception

Client Testimonials

"The Leadership Development class was by far one of the best leadership training classes that I've had the privilege to attend. Highly qualified facilitators with professional aviation experience provided real-life applications that pertain to day-to-day leadership practices and principles within the airport industry. I highly recommend this Airport Leadership Development class to my fellow airport colleagues and peers."

Tom Jewsbury, Director, St. Pete-Clearwater International Airport

LEADERSHIP... THE PROCESS OF SOCIAL INFLUENCE IN WHICH ONE PERSON CAN ENLIST THE AID AND SUPPORT OF OTHERS IN THE ACCOMPLISHMENT OF A COMMON TASK.

Airport Situational Leadership Class ASL (201)

The Situational Leadership Class builds upon the fundamentals of the airport leadership development class and focuses on applying the essential topics in real-time, real-life, leadership situations occurring in your industry today. Participants will draft problem statements and work with a team of colleagues to identify realistic, immediately applicable solutions. Each participant will leave with a tool box of problem solving methods as well as an implementation plan for resolving current issues in the workplace.

ASL Course Objectives:

- ◆ Learn to recognize opportunities for influencing behavioral change within your airport environment
- ◆ Demonstrate the knowledge and skills to lead change at both the individual and organizational level
- ◆ Recognize the components of critical thinking
- ◆ Learn to apply critical thinking to organizational problems
- ◆ Learn to make effective leadership decisions in real-life airport situations
- ◆ Learn to diagnose root causes of issues and determine the necessary influences for change
- ◆ Demonstrate application of change management techniques in real-life airport situations

Instructors: Mindy Price, Chief PACE Setter and CEO of Direct Effects Solutions. Mindy is an expert in organizational management, leadership skill building, and executive coaching. She is a nationally recognized speaker and facilitator in the areas of leadership development, organization design and project management. She has conducted and published National Research projects which include in-depth studies and focus groups to identify needs in leadership development and enterprise level programs. Mindy holds a Masters degree from the State University of New York at Geneseo.

Lisa Waters, President/CEO Florida Airports Council. Lisa is responsible for the overall administration of the FAC, including overseeing the day-to-day operations and financial activities of the Council. Lisa also administers the FAC Education Foundation, which includes a robust internship grant program, scholarship program, and student chapters. Since beginning her career in 1985, Lisa has gained extensive experience in the administration and conduct of Florida aviation projects, and the development and administration of public policy related to airports and airport operations. Lisa holds a Bachelor of Science degree in Aviation Management and an Associate of Science degree in Air Commerce/Flight Technology from the Florida Institute of Technology, and is an instrument trained commercial pilot.

Client Testimonials

"This training provides new leadership strategies and other valuable information, making it well worth the investment. This class provided a significant amount of information in a relatively short timeframe. It would be beneficial to any manager working at an airport."

*Mr. Terry Beacham, Assistant Airport Director,
Bartow Municipal Airport*
